

## Empathy map

Use this framework to develop a deep, shared understanding and empathy for other people. An empathy map helps describe the aspects of a user's experience, needs and pain points, to quickly understand your users' experience and mindset.

## **Build empathy**

Early detection of chronic kidney diesese using machine learning

Due to

mediciene

Says

Addided drinking alcohol

Eating too much fast food

Careless about family

I should hear been cations about my food babits
